## Summary

Hyemi Song is a researcher and designer interested in Information Visualization, HCI, and Immersive Analytics. Currently, she studies the complex interplay between Natural Language and Data Visualization in XR within generative AI-powered immersive analytics under the supervision of Dr. Amitabh Varshney.

## Educational Background

**University of Maryland**, College Park, USA, 2022-Present  
Ph.D. Computer Science

**University of Maryland**, College Park, USA, 2022-2024  
Master of Science, Computer Science

**Rhode Island School of Design**, Providence, USA  
Master of Fine Arts, Digital + Media

**University of the Arts London**, London, UK  
Foundation, Visual Communication Design

**The Catholic University of Korea**, Seoul, Korea  
Bachelor of Science, Molecular Biology

## Research Experiences

**University of Maryland College Park**, USA, 2022 - Present  
**Position:** Research Assistant (Advisor: Dr. Amitabh Varshney)  
**Labs:** UMD Graphics and Visual Informatics Laboratory, Human-Computer Interaction Lab  
Currently working on Natural Language and Data Visualization Interplay in XR within generative AI-powered immersive analytics.

**Massachusetts Institute of Technology**, MIT Senseable City Lab, Cambridge, USA, 2016 - 2017  
**Position:** Research Fellow, Data Visualization Specialist  
Developed an award-winning project, Cityways, Driving DNA, Pisa Pool, Urban Exposure, and more.

**NAVER Corporation**, Seoul, Korea, 2011 - 2014  
**Position:** UX Researcher  
Designed mobile/web UX/UI for a Social Network Service, 'me2day' (Korea's equivalent of Twitter), and designed the Portal Service, 'NAVER' (the largest search engine in Korea).

## Teaching Experiences

**University of Maryland College Park**, 2022 Spring/Summer, 2023 Spring/Summer/Fall  
**Position:** Teaching Assistant  
**Class:** Introduction to Data Science, Web Application Development with JavaScript

**Rhode Island School of Design**, 2016 Winter  
**Position:** Instructor  
**Class:** Measuring the Universe (2016 RISD Winter Session)

## Industry Experiences

**Microsoft**, Redmond, USA, 2019 - 2022  
**Position:** Senior Designer

Specialized in Data Visualization, Designed for Machine Learning and AI products.  
Designed Error Analysis Dashboard, Azure Machine Learning Studio, and more.

**Datadog Inc**, New York, USA, 2017 - 2019

Position: Product Designer

Specialized in Data Visualization. Designed/developed [Service Map](#), Host, and Infra map.

**VINYL Interactive**, Seoul, Korea, 2010 - 2011

Position: UX/UI designer

Designed and developed the web/mobile Service Strategies & Proposals, interactive installations, and digital media promotions for 10+ clients; SAMSUNG, Korea Telecommunication, and more. KT Olleh Square won a prize from the iF design awards.

**2015 Brothers**, Seoul, Korea, 2009 - 2010

Position: Art Director

Designed and directed advertising projects for 20+ clients, including SKTelecom, SAMSUNG, and Korea Technology.

**PXD**, Seoul, Korea, 2008 - 2009

Position: Interaction Designer

Developed and designed mobile/web UI/UX services for clients including SKTelecom and SAMSUNG.

**Kiz Entertainment**, Seoul, Korea, 2004

Position: Clay Animator

Participated in Clay animations for an advertisement, and TV Series with 5+ Clients, including Korean Broadcasting System and Dino land.

**eyeballNYC**, New York, USA, 2015,

**Samsung Electronics**, Seoul, Korea, 2007,

**Cheil World Wide**, Seoul, Korea, 2006

Position: Design Intern

## Research Projects

### 1. Natural Language and Data Visualization Interplay in Immersive Environments

#### 1) Exploring Speech-Driven Interactions in AI-infused Immersive Analytics, 2023 - Present

Role: First Author

My research explores the complex interplay between natural language and data visualizations in XR environments for users with diverse backgrounds and expertise levels. This work is situated within the broader context of generative AI-powered immersive analytics with multimodal interaction.

#### 2) Toward Interaction Authoring for Data Visualization in Immersive Environments, 2022 - Present

Role: First Author

This project presents a comprehensive analysis by reviewing numerous pieces of literature and proposing directions for authoring interaction in immersive environments.

### 2. General topics in data visualization

#### 1) Towards Understanding In-context Learning with Contrastive Demonstrations and Saliency Maps, 2023, [arxiv.org/abs/2307.05052](https://arxiv.org/abs/2307.05052), 2023

Role: Co-Author

We investigate the role of various demonstration components in the in-context learning (ICL) performance of large language models (LLMs). Specifically, we explore the impacts of ground-truth labels, input distribution, and complementary explanations, particularly when altered or perturbed.

#### 2) Beyond Replication: How Timing and Schematic Similarity Shape Example-Based Data Visualization Design, 2023, *(Under Review)*

Role: Co-Author

This research investigates the influence of examples on visualization design, identifying key factors in idea transfer and effectiveness and guiding future example-based design studies.

## Invited talks (Selected)

**Ohio State University** Ohio, USA, 2022

Lecture: Data and Human Communication

**GyeongGi Cultural Foundation**, Seoul, Korea, 2021

Lecture: Data as a communication medium: art, design, and human

**San Jose State University** San Jose, USA, 2021

Lecture: Data and Human Communication

Workshop: Measuring the temperature of my mind

## Jury, Peer Review, Advising service

**DIS**- Reviewer, Full papers, 2024 - Present

**IEEEVIS** - Reviewer, Full papers (2023), Short papers (2024), 2023 - Present

**PacificVis** - Juror, 2022 - Present

**IEEEVIS Arts Program** - Program Committee, 2018 - Present

**A' Design Award & Competition**, Italy - Jury Member, 2018 - 2022

**Brown University, Computer Science Department**, USA - Portfolio Reviewer, 2019 - 2021

**Apexart**, USA - Jury Member, 2017

## Grants, Fellowships & Scholarships

**DIS**, USA - Awarded a complimentary one-year ACM Professional Membership (for paper review contribution), 2024

**IEEEVIS**, USA - Inclusive and Diversity Scholarship, 2023

**University of Maryland College Park**, USA - Dean's Fellowship/Assistantship, 2022-Present

**Massachusetts Institute of Technology**, USA - Fellowship, 2016 - 2017

**Rhode Island School of Design**, USA - Assistantship/Fellowship, 2014 - 2016

**Samsung Art & Design Institute**, Korea - Scholarship, 2007

## Awards

**IEEE Arts Program, Melbourne**, Australia - Accepted for exhibition, 2023 (Project: Solar System)

**A'Design Award and Competition**, Italy - Winner (Gold), 2018-2019

**Information is Beautiful Awards**, USA - Long List, 2018

**World Changing Ideas Awards (by Fast Company)**, USA - Finalist, 2018

**IEEE Arts Program, Berlin**, Germany - Accepted for exhibition

**A'Design Award and Competition**, Italy - Winner (Iron), 2016-2017

**53rd American Graphic Design Awards, GDUSA**, USA -Winner (Student), 2016

**Spark International Design Awards**, USA - Finalist, 2016

**Annual Student Artists' Book Juried Contest**, USA - Accepted for exhibition and publication at RISD Fleet Library, 2015

**Adobe Design Achievement Awards**, USA - Semifinalist, 2008, 2015, 2016

**Adobe Design Achievement Awards**, USA - Honorable Mention 2007

**IF Design Award**, USA - Winner, 2010  
**Good Design Award**, Japan - Winner, 2010  
**Seoul Design Olympiad 2009**, Korea - Winner (Honorable Mention)  
**SADI Graduation Award**, Korea - Experimental Portfolio Winner  
**11th Environmental Management Corporation Award**, Korea - Winner
